

02 Plus+

KCAP Model Number: KCP-2005

Use **02 Plus+** to increase endurance.

In any sport athletes are looking for that little advantage that will allow them to beat out the competition. **02 Plus+** fuels your body to levels that exceed any expectation.

The creation of this product's vegetable culture is a patented process, unique to **XCAP**.

B12 Nitro

KCAP Model Number: KCP-2043

The intestinal absorption of Vitamin B12 is more complex than the other B vitamins, involving acidic cleavage from Vitamin B12 carriers, binding proteins and intrinsic factor mediated intestinal absorption.

Due to this complexity in absorption, and relatively low amounts in processed foods, many individuals are functionally deficient in Vitamin B12.

Adrenal Balance

KCAP Model Number: KCP-2128

Use it to help balance the adrenal glands from the effects of stress and hard exercise.

Adaptogenic herbs have therapeutic potential for helping to manage stress, enhance metabolism and cellular energy processes, restore mitochondrial function, increase immunity and prevent disease.

Is This For You

Are you looking for an increase in endurance for an athletic event or a long steady increase of energy throughout the day?

Our athletes take this pack for a noticeable increase in energy during their training sessions and athletic competitions.

Benefits

- Increases endurance and increases maximum output
- Helps regulate the formation of red blood cells that carry oxygen
- Helps mitochondrial function that produces cellular energy
- Also contains Adaptogenic Herbs that improve mental performance along with physical performance
- Improvements without stimulants! Healthy and Extremely Effective!

Take The Test

After 1 day of taking these 3 items, pick a physical activity that you know the point where you fatigue out, such as running on a treadmill.

- Pre Workout / Event Boost
 - 1 hour before your workout, take 1 **B12 Nitro** and 5 **02 Plus+**
 - Then, 30 minutes before the workout, take another 5 **02 Plus+**
- Take **Adrenal Balance** - 2 tabs at breakfast and 2 tabs at lunch
